

## Bethany's Student Leadership Team Flyer / Webpage Interest Sheet

The purpose of ALIVE(student leadership team) is to develop, nurture, and strengthen leadership gifts in the youth of Bethany. Ultimately, we want youth on the leadership team to experience the joy, commitment, and importance of what godly leadership looks like. Our hope is to raise up students from our student youth ministry that aspire to be equipped to be leaders, not for themselves, but for the benefit of serving others and impacting their generation for Christ.

Through ALIVE we also want to give each of the students' opportunity for ownership in Bethany's high school youth ministry. We will use members of "name" to serve by...

- 1.) Planning ideas for future events and being active in carrying out those ideas
- 2.) Being instrumental in the outreach focus of reaching more students of Bethany and the community around us
- 3.) Being a servant leader as we create opportunities to meet people's needs through missions, and service at Bethany, South Austin, Austin as a whole, Texas, and so much more...

More than just being a group of students that help think of and create ministry opportunities, we want students in the trenches DOING ministry. When leadership students come up with an idea, it is the program's goals that they would be on the front line of making those ideas happen and seeing the idea through to reality. ALIVE provides real opportunity for students to develop leadership skills that will be valuable for the rest their lives.

Not only are the students getting special leadership training, the biggest part of "name" is the spiritual element. Besides planning, preparing, and executing ministry, the group will spend a great amount of time in spiritual training as they pray, study God's word, and devote ourselves to being godly leaders so that they may lead other students to do the same.

Each student desiring to be on the leadership team will need to fill out an application and go through an interview. The interview process will take place each May/June. If you are interested please access an application online (insert Bethany website or Youth website in future) or directly from Landon. Before filling out the application, please prayerfully consider with your parents all the commitments and expectations for all student leaders. If you have any questions or need more information please don't hesitate to contact me.

Peace in Christ,

Landon L. Becker
